REQUEST FOR RECONSIDERATION OF  
USPTO RECALCULATION OF  
PATENT TERM ADJUSTMENT IN VIEW OF WYETH

Commissioner for Patents  
P.O. Box 1450  
Alexandria VA 22313-1450

Sir:

The applicant respectfully requests reconsideration of the patent term adjustment indicated in the enclosed print-out of the current United States Patent and Trademark Office (USPTO) patent term adjustment determination from PAIR and the *Decision On Request For Recalculation Of Patent Term Adjustment In View Of Wyeth And Notice Of Intent To Issue Certificate Of Correction* (PTOL-549G (04/10)) ("the Decision") mailed May 10, 2010, respecting the present application. This application for patent term adjustment is being filed within the later of one month or 30 days after the mailing date of the Decision.

This request is accompanied by the fee set forth in § 1.18(e) (\$200.00).

This request includes below a statement of the facts involved in sufficient detail to allow the United States Patent and Trademark Office (USPTO) to verify the correct patent term adjustment.

The Applicant's calculated patent term adjustment is 1758 days. The Decision reported a patent term adjustment of 1755 days. Thus, the Applicant is requesting an increase in the patent term adjustment.

The basis under 37 CFR § 1.702 for the adjustment is as follows:

#### **Positive Patent Term Adjustment**

None

#### **Reductions in Patent Term Adjustment**

##### **Removing Overlap**

- No overlap of two or more grounds of USPTO delay has been found.

#### **Three Months to Respond to Office actions (37 CFR § 1.704(b))**

The applicant is contesting the following application(s) of 37 CFR § 1.704(b) to reduce the patent term adjustment in the present application.

##### **Period from Saturday, June 28, 2008 to Monday, June 30, 2008**

- The pertinent Office action was mailed on March 28, 2008,
- The date three months after the mailing date of the Office action is Saturday, June 28, 2008 (BEGIN DATE, stating day of the week and if it is a holiday))
- The response to the Office action was filed on Monday, June 30, 2008 (END DATE, stating day of the week)
- The reduction in the patent term adjustment proposed by the USPTO is 2 days

The Applicant's position is that the present Office action response filed on the first business day after a deadline falling on a weekend or holiday is not late,

establishing the correct reduction in patent term adjustment is 0 days. The basis for this position is 37 CFR § 1.6(a)(1), which states in relevant part: "The Patent and Trademark Office is not open for the filing of correspondence on any day that is a Saturday, Sunday, or Federal holiday within the District of Columbia," and 37 CFR § 1.7(a), which states in relevant part: "When the day, or the last day fixed by statute or by or under this part for taking any action or paying any fee in the United States Patent and Trademark Office falls on Saturday, Sunday, or on a Federal holiday within the District of Columbia, the action may be taken, or the fee paid, on the next succeeding business day which is not a Saturday, Sunday, or a Federal holiday." In this case, 37 CFR § 1.7(a) is applicable because the last day set by statute (35 USC § 154(b)(2)(C)(ii)) for taking the action of filing a response to an Office action without being "deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application," falls on a Saturday, Sunday, or on a Federal holiday within the District of Columbia.

#### **Incorrect PTA Reduction Calculation for Paper After Allowance**

##### **37 CFR § 1.704(c)(10)**

The applicant is contesting the following application(s) of 37 CFR § 1.704(c)(10) to reduce the patent term adjustment in the present application due to a paper filed after the Notice of Allowance has been mailed.

The USPTO is believed to be characterizing the new drawings filed on December 16, 2009, as a paper delaying prosecution. The USPTO is believed to be characterizing February 3, 2010, the day after the patent issued, as the date of response to this paper. The reduction of PTA asserted by the USPTO is 49 days.

The Applicant's position is that this determination is incorrect. The correct amount of reduction is submitted by the Applicant to be 48 days, which is the number of days between December 16, 2009, and the patent issue date, February 2, 2010, but not exceeding four months.

### **Net Patent Term Adjustment**

The changes requested by the Applicant to the USPTO patent term adjustment determination in the DECISION ON REQUEST FOR RECALCULATION OF PATENT TERM ADJUSTMENT IN VIEW OF WYETH AND NOTICE OF INTENT TO ISSUE CERTIFICATE OF CORRECTION (PTOL-549G (04/10)) ("the Decision") mailed May 10, 2010, are as follows:

- **Three Months to Respond to Office actions**  
(37 CFR § 1.704(b))

	<b>Patent Term Adjustment (days)</b>
<b>USPTO Calculation in Recalculation Request</b>	2
<b>Applicant Calculation</b>	0

### **Reductions in Patent Term Adjustment**

- **Alleged Submission of a Delaying Paper After Allowance**  
37 CFR § 1.704(c)(10)

	<b>Patent Term Adjustment (days)</b>
<b>USPTO Calculation in Recalculation Request</b>	49
<b>Applicant Calculation</b>	48

### **Conclusion**

The Applicant requests modification of the patent term adjustment as indicated above. As shown in the enclosed modified version of the USPTO Patent Term Adjustment calculation on PAIR, the net patent term adjustment proposed by the Applicant is thus 1758 days. Please charge any fees or credit any

overpayment of fees presently required to McAndrews, Held & Malloy, Ltd., Deposit Account No. 13-0017.

Respectfully submitted,

Filed	:	11/19/2003	:	ISSUE CERTIFICATE OF CORRECTION
			:	

The Request for Recalculation is **GRANTED** to the extent indicated.

The patent term adjustment has been determined to be **1755** days. The USPTO will sua sponte issue a certificate of correction reflecting the amount of PTA days determined by the recalculation.

Prior to the issuance of the certificate of correction, the USPTO will afford patentee an opportunity to be heard and request reconsideration. Accordingly, patentee has **one month or thirty (30) days**, whichever is longer, to file a request for reconsideration of this patent term adjustment calculation. See 35 U.S.C. 154(b)(3)(B)(ii) and 37 CFR 1.322(a)(4). No extensions of time will be granted under 37 CFR 1.136.

Patentee should use document code PET.OP if electronically filing a request for reconsideration of this patent term adjustment calculation. The patentee must also include the information required by 37 CFR 1.705(b)(2) and the fee required by 37 CFR 1.18(e). If patentee does not file a timely request for reconsideration of this patent term adjustment calculation including the information required by 37 CFR 1.705(b)(2) and the fee required by 37 CFR 1.18(e), the USPTO will issue a certificate of correction reflecting the PTA determination noted above.

Patentee should be aware that in order to preserve the right to review in the United States District Court for the District of Columbia of the USPTO patent term adjustment determination, patentee must ensure that he or she also take the steps required under 35 U.S.C. 154(b)(4)(A) in a timely manner. Nothing in the request for recalculation should be construed as providing an alternative time frame for commencing a civil action under 35 U.S.C. 154(b)(4)(A).

Any questions concerning this decision should be directed to the Office of Patent Legal Administration at 571-272-7702.
